## About Us

**Suman Associates** began as a general works contractor in 2002. Over the years, the group has undertaken many challenging projects and accumulated skills, know how and experiences in design and build solutions, project management services, building trades and related engineering works.

Today, **Suman Associates** takes on the role of main contractor for small to medium size projects and performs project management services to coordinate specialist trades for industrial/commercial projects.

We also provide design inputs and engineering solutions as value add services to our clients.

Our objective is to provide our clients with an “I am assured” experience when we are chosen to execute their projects. Our emphasis on clear communication and follow through procedures ensures that client’s objectives are top priority in the planning and execution of all our processes. Our project management and execution philosophy is to create a detailed schedule and resources plan to meet client’s project objective, communicate clearly with all project stakeholders, track project progress and fine tune deviations, supervise closely on quality of work done, complete and commission the project on time. We take pride in our delivery, thus our clients can always be assured that only the most experienced and qualified people are serving them, all the time.

## Our Finished Project

### **Our Management Team:**

The business is driven by our 4 working directors, collectively they accumulated more than 20 years of work experience in the building industry. They are involved in the business development, procurement, project management and administration of the company. The management team proactively gathers feedback, identifies changes in business environment, reviews work processes and communicates key learning points and company policy to all staff at regular meetings.

### **Our People:**

Our people are crucial in the delivery of our services and solution to our clients. In order to ensure that everyone is equipped with the right skill, knowledge and attitude, a comprehensive training programme is put in place to constantly upgrade our people in technical and management skills. We believe firmly in providing the right training, accredited certification and practical knowledge for our people, in order for them to execute their duties and responsibilities confidently.

Our aim is to stay relevant to the ever-changing market place and client's requirement
